2. SPECIFICATIONS

The applicable sections of the Village Development Ordinance and the Illinois Department of Transportation (IDOT) Standard Specifications for Road and Bridge Construction, adopted April 1, 2016, together with approved Supplemental Specifications and Recurring Special Provisions current edition, for those items except as modified herein are incorporated by reference into the specifications, shall govern the work specified.

3. PLANS

The work shall be done in accordance with the specifications entitled "**2019 Crack Sealing Program, 2nd Year Renewal**". The successful bidder will be given a map showing the various locations throughout the Village where the repairs will be needed.

4. EXAMINATION OF SITE

Should have any questions, you may contact the Vernon Hills Engineering Department at (847) 367-3726. Bidders must examine and arrive at their own conclusions regarding the nature of the project. The Contractor agrees that he shall neither have nor assert against the Village or Engineer any claims for damages, for extra work, or for the relief from any obligation of this Contract based upon failure by the Village to furnish information in the Village or Engineer's possession.

5. SUBMITTAL OF BIDS

Work under this project is defined on the Form of Proposal. The Owner reserves the right to reject any or all bids.

The quantities mentioned are approximate only and are subject to increase or decrease. The Contractor's compensation will be based on the actual quantities as measured in place and finally determined multiplied by the unit prices shown in the Schedule of Prices.

The unit prices submitted are for the purpose of obtaining a gross sum, and for use in computing the value of extras and deductions. In the event of discrepancies between the gross and sum bid and that resulting from the summation of the quantities multiplied by their respective unit prices the latter shall apply.

The Owner reserves the right to extend or reduce the improvement or otherwise alter it by extras or deductions including the elimination of one or more items.

Prices submitted shall be firm unit prices. Each proposal shall be independent and subject to acceptance or rejection without qualification. Each bidder's proposal shall cover complete work described in the Contract Documents including costs incidental thereto.

6. BASIS OF AWARD

The Village of Vernon Hills may reject any or all of the Bids, on any basis and without disclosure of reason. The Village of Vernon Hills reserves the right to waive all technicalities. The failure to make such a disclosure shall not result in accrual of any right, claim, or cause of action by any successful bidder against the Village of Vernon Hills.

By submitting a Bona Fide Bid, all Bidders agree to accept these conditions irrespective of who the successful bidders are.

7. REQUIREMENT OF CONTRACT BOND

Upon notice of acceptance of his Proposal, the successful Bidder shall, within ten calendar days of said notice, furnish to the Village of Vernon Hills a faithful Performance and Payment Bond in the full amount of the Contract, conditioned upon the faithful performance of all covenants, conditions, and stipulations under the Contract. The bond shall be secured by a surety company acceptable to the Village and having a minimum Best's rating of A as found in the current edition of Best's Key rating Guide.

8. EXECUTION OF CONTRACT

Explanations LAKE COUNTY

The following list is considered as those days for which holiday rates of wages for work performed apply: New Years Day, Memorial Day, Fourth of July, Labor Day, Thanksgiving Day, Christmas Day and Veterans Day in some classifications/counties. Generally, any of these holidays which fall on a Sunday is celebrated on the following Monday. This then makes work performed on that Monday payable at the appropriate overtime rate for holiday pay. Common practice in a given local may alter certain days of celebration. If in doubt, please check with IDOL.
